

# Introducing... ServSafe Certification

**Thursday, October 23 | 8:30am-5pm**

Our partners talked and we listened! After much feedback that partners would like to be able to become ServSafe certified we are now offering ServSafe training and testing. ServSafe Food Protection Manager Certification blends the latest FDA Food Code, food safety research and years of food sanitation training experience. Managers learn to implement essential food safety practices and create a culture of food safety.

MJB Training Kitchen: DC Facility
